REINVENTED

ProGrip[™]
HIGH PERFORMANCE SYSTEM

70 YEARS

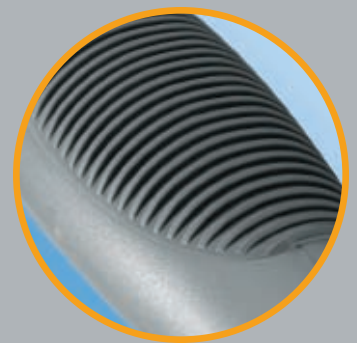

The Squeegee Reinvented

The ProGrip Squeegee represents 70 years of window cleaning innovation. Combine the new ergonomic no-slip Quick Release handle with Ettore's razor sharp rubber and you have the most powerful tool in your window cleaning arsenal.

With the same dedication and quality founder Ettore Steccone put into the design of the "Original" brass squeegee back in the 1930's – we introduce the new generation of streak free window cleaning tools. ProGrip's exclusive design with new graphite color features a longer, ergonomic handle with rubberized grip for maximum use and comfort. The high-pile Microfiber glove, new quick release clip and Ettore professional rubber blade, make these tools the best for effortless window cleaning, guaranteed!

Ergonomic Handle

Exclusive, contemporary design with rubberized no-slip grip and added length fits comfortably in any hand.

IN THE MAKING.

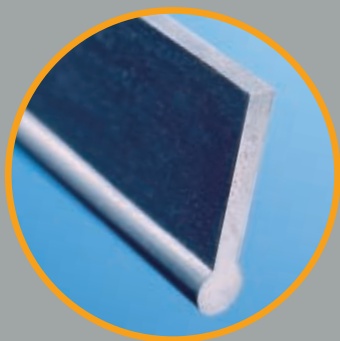

The ProGrip T-Bar comes in three sizes for all your professional cleaning needs

The ProGrip Washer

The high performance T-bar is fitted with our Microfiber glove for high powered cleaning before you squeegee. The dense, high-pile sleeve provides lint-free cleaning with superior water retention and excellent dirt absorption. Machine washable.

Ettore Quality Rubber

The #1 choice of professional window cleaners, each strip is hand-inspected and backed by our 100% streak-free guarantee.

Quick Release

Change channels with a flick of your thumb with Quick Release feature.

Super Scrubber Edge

The heavy duty scrubber at the end of the glove lifts stubborn dirt and grime for spotless results.
